THE BUSINESS WORLD.

A Proposition for the Completion of the Mexican National Railway - An Embezzling Banker.

Heavy Defalcation in Georgia - Discharged Mill Operatives Go To Canada For Employment.

THE MEXICAN NATIONAL RAILWAY.

CITY OF MEXICO, Oct. 29.-Count LaGrande, who recently made a tour of inspection of the Mexican National railway, has made a proposition to the management to advance the capital to complete and equip the road, under the condition that a syndicate of Europeans shall control the management and freight rates for the transportation of corn to Corpus Christi. The syndicate proposes to contract with the farmers along the line wishing to increase the production of corn to purchase annually one and a half millions, minimum, to three millions, maximum, tons of corn, to be shipped to Europe for use in the distilleries. The object is to secure a sure supply of corn at a fixed price and to be independent of the corn speculators. It is also intended to furnish the farmers with improved implements, to be paid for in corn each year. The railway company is considering the proposal.

ANOTHER EMBEZZLING BANKER.

DETROIT, MICH., Oct. 29.-F. W. Davenport, for several years a private banker in this city, is missing. He owes his depositors from \$20,000 to \$30,000 and he was agent for nine insurance companies to whom he owes over \$15,000. He transferred his property to his wife several years ago, but the transfer was not recorded till recently.

DEFAULTER FOR AN UNKNOWN AMOUNT.

AUGUSTA, GA., Oct. 29.-For several days past there have been rumors of a heavy defalcation on the part of George T. Jackson, proprietor of the Enterprise Cotton factory. To-day Jackson confesses a defalcation, but cannot give the amount. Enough is known, however, from the investigation committee to place the amount at over sixty thousand dollars, and it may reach \$100,000.

Later it will be several days before the full amount of the defalcation can be known. It is believed now that it will reach \$150,000. The mill's stock in round numbers is a million dollars. It is capitalized at \$500,000 in stock, and first mortgage bonds to the amount of \$250,000. The mill cost when finished over \$800,000. These developments create a sensation.

SUFFERING FOR WANT OF WORK.

LEWISTON, ME., Oct. 29.-On account of the shutting down of the mills in this city there is considerable distress among the discharged operatives. Overseers report that the applications for assistance have increased rapidly.

Forty persons left for Canada yesterday.

COTTON RECEIPTS.

Special to the Gazette.
DECATUR, TEX., Oct. 29.-The arrival of 2000 bales of cotton here to-day brought in by the farmers' alliance has given the town a very animated appearance and has greatly improved trade. The cotton was all bought here at 8 1/2 cents per pound; which are deemed very good figures. This, together with what has been marketed, is said nearly to exhaust the cotton product in this county and not much more of the staple is looked for.

ASSIGNED FOR BENEFIT OF THEIR CREDITORS.

ST. LOUIS, MO., Oct. 29.-H. Izon & Son, dealers in dry goods, gent's furnishing good and notions, at 516 Locust street, assigned to-day for the benefit of their creditors. Their liabilities are about \$30,000, their assets about \$50,000, of which \$40,000 is said to be in stock. Mr. Izon, Sr., also assigned his individual property consisting of real estate valued at \$12,000 to H. Ten Broeck. The liabilities of the firm are chiefly in Eastern cities.

SOLD AT SHERIFF'S SALE.

Special to the Gazette.
DENTON, TEX., Oct. 29.-The P. C. White stock of groceries were sold to-day by the sheriff. The goods were bought by G. W. Wilson & Co., for \$2500. The stock invoiced for \$3000, but in it was a considerable lot of bagging and ties, which will have to be held over for another twelve months before they can be used. This is one of the causes that brought the price down as low as that at which the sale was made.

THE INJUNCTION DISSOLVED.

Special to the Gazette.
DALLAS, TEX., Oct. 29.-The injunction granted some time since by Judge Malbie restraining the construction of the lines of the Baltimore & Ohio Telegraph company on the right of way of the Houston & Texas Central Railroad company was this morning, after a full hearing, dissolved by Judge Aldridge. There is now no legal obstacle to the completion of the Baltimore & Ohio lines.

AFTER THE GULF, COLORADO & SANTA FE.

Special to the Gazette.
GAINESVILLE, TEX., Oct. 29.-Yesterday evening, as per call, a large number of the business men and property holders assembled in the opera-house, to consider the matter of urging the management of the Gulf, Colorado & Santa Fe railway to extend their line to this place.

Capt. F. M. Daugherty was called to the chair and introduced Judge Lindsay, who explained the object of the meeting. In the course of his remarks he stated that it was the belief that the company favored an early extension of the road northward, and if sufficient aid could be obtained from the citizens here he thought

the management would bring their road here. Upon motion the chair appointed a committee of five, consisting of Judge J. M. Lindsey, F. L. Cleaves, Maj. R. F. Scott, F. A. Tyler, Jr., and Judge John T. Walker, to communicate with the management relative to the extension of their road, and to solicit a conference. Upon motion the chair appointed a committee of three to draft a resolution expressive of the wishes of the people of this city in reference to this matter, who after a brief consultation submitted the following:

Resolved, that it is the desire of the people of Gainesville that the Gulf, Colorado & Santa Fe railway company extend their road from Fort Worth to Gainesville as early as practicable, and that the management of said company send an agent to Gainesville to confer with the committee appointed by the people in convention assembled to-day upon that subject.

The resolution was unanimously adopted, and the secretary was instructed to forward a copy of the same to Col. Gresham and Mr. Seely at Galveston. Remarks were made by several citizens favoring the enterprise, and they were warmly applauded.

CLOSED ON ATTACHMENT.

Special to the Gazette.
SAN ANTONIO, TEX., Oct. 29.-W. R. Freeman & Co.'s plumbing establishment was closed up to-day on an attachment aggregating about \$3000. The Electric Light company which has not been in operation for some weeks is also said to be involved in the catastrophe.

BROKERS FAIL.

AUGUSTA, GA., Oct. 29.-M. J. Verdery & Co., brokers, have failed for \$20,000. Their nominal assets are \$25,000.

COLORADO.

The Clayton Murder Trial Called.

Correspondence to the Gazette.
COLORADO, TEX., Oct. 29.-The case of the State vs. Jeff Clayton for murder was called to-day at 1 o'clock. The sheriff and deputies have been hard at work all day trying to secure a jury, but have not succeeded yet. Mr. Clayton has secured some of the best legal talent of the state, and if the case comes to a trial they will use every effort to secure his release.

The oyster supper at the opera-house yesterday evening, given by the ladies for the benefit of the Methodist church, was largely attended and proved to be a success. The proceeds were \$75.

Several insurance adjusters for the state are in the city. Among them I make mention of J. P. Ramsey of Dallas, Tex., who represents the Germania Insurance company of New York.

Heavy rains have fallen in this and the adjoining counties during the past week. The Colorado river is very much swollen.

Several prominent Presbyterian ministers arrived at Belton yesterday afternoon to attend the synod which meets to-day.

The "Little Joker" is the best smoking tobacco.

POLITICAL.

A Big Demonstration in Illinois Over Our Vice President - With Cheers the Welkin Rings.

A Republican Scheme for Carrying Southern Negroes into the North to Vote for Blaine.

Gov. Cleveland Makes a Flying Trip to Connecticut - Senator Maxey Declares for Deep Water.

A HENDRICKS DEMONSTRATION.

SPRINGFIELD, ILL., Oct. 29.-The Hendricks meeting to-day was the grandest political demonstration ever witnessed in this city. Gov. Hendricks arrived in a special car this morning and was met by the reception committee of the Young Men's Cleveland and Hendricks club, 350 strong, the Business Men's club, several hundred strong, and a large body of citizens, and escorted to the hotel. The streets at the early hour of eight in the morning were crowded and the enthusiasm was intense. All the business houses, regardless of politics, were handsomely decorated with flags, lanterns and bunting, and the residences of the Democratic citizens were gaily adorned. At eleven o'clock Mr. Hendricks reviewed the procession of twenty delegations mounted and on wheels. It was mammoth in size and made the welkin ring with three cheers as it passed by in review. It took three-quarters of an hour to pass. During the morning the various lines of railroads brought in excursion train after excursion train in addition to the regular trains which were all large and crowded, until 2 p. m. when the speaking commenced. There must have been 50,000 strangers in our city intent on seeing and hearing Gov. Hendricks. The court-house yard, where the speeches were made, was literally a mass of human beings and the streets were full. It was with the greatest difficulty that the carriages which brought Gov. Hendricks and the reception committee from the hotel to the grand stand could force their way through the crowd. There was constant cheering for Hendricks.

HENDRICKS' SPEECH.

The governor bowed and shook hands with many as he passed. Shortly after 2 o'clock Gen. John A. McClelland introduced Mr. Hendricks to the vast multitude with a brief speech. Gov. Hendricks spoke for about an hour. He said:

"Next Tuesday we shall unite in the most important act of the four years. That act is the election of a president of the United States. In selecting a president the people, under the constitution, will decide for this country whether there shall be a change in the administration or whether we shall continue under the Republican policy of government. I will offer a few reasons, my fellow-citizens, why we should have a change and that is all the argument I have to make this afternoon. For twenty years the Republican party has been saying to the Democrats 'you are not worthy to take charge of public matters' for twenty years they have excluded the Democrats from every position of honor, trust and responsibility as far as they could. The time has at last come when that is to cease. I appeal to the Republicans. Don't you know that your neighbors are as good as you are? Don't you know that the Democrats pay their taxes and discharge every duty that they owe to society and now they propose to assert their rights in the government of the country. [Loud applause.]

Upon what principle is it that one party is to be kept constantly in power? Is not the fifth of a century long enough? Ought not there to be a change after a political party has been in power for twenty years? I say, my countrymen, on next Tuesday let us have a change. 'We will have it,' and cheers. Four years ago they said to you and me, the times are good, why not let well enough alone? Now they say that the times are not good. No man pretends that we can let well enough alone. Now it is very bad with the people of this country at this time. I believe that wheat sells at a lower price in the Chicago market now than it has sold for twenty years past. [A voice, 'Yes, for twenty-five years!'] Since the Ohio election I believe that wheat has fallen about eight cents on the bushel and corn about seven cents on the bushel. So, my countrymen, do you regard these as good times? When a Republican now says, let well enough alone, you will tell him, we will try a change and see if it won't be better for the country and the people.' [Applause.] Mr. Hendricks then proceeded to arraign the Republican party for its tariff policy. He traveled over the same ground that he has covered in all his other speeches, full report of which has heretofore been given in these dispatches.

During Mr. Hendricks' speech Mrs. Parnell, escorted by Gov. Palmer, Alfred Orendorff and a reception committee of ladies, came upon the stand and Mr. Hendricks stopped speaking while the vast multitude cheered the lady to the echo. Upon the conclusion of Gov. Hendricks' speech Mrs. Parnell made a half hour speech of great force and eloquence. Speeches were also made by ex-Gov. Palmer, Congressman Springer and others. At night Gov. Hendricks reviewed the largest torch-light parade ever seen in the city. It is estimated that 15,000 torches were in line. The city was brilliantly illuminated and there was a magnificent display of fireworks. Demonstration was kept up to a late hour. The streets of the city were filled with people wild with enthusiasm. Gov. Hendricks left for Springfield, Ind.,
